

Reinforced Paper Gummed Tape

Technical Specifications;

Item No.	Description	Thickness (mm)	Adhesion (G/25mm)	Tensile Strength (KG/25mm)	Elongation (%)	Features
101933	Paper Gummed Tape	0.16	400	5	4	For general packaging and adhesion for paper.
101936	Reinforce Paper Gummed Tape	0.16	400	5	6	Ideal tape for heavy carton packaging purpose.

Description:

Cost-effective and easy to use; Gummed Paper Tape and reinforced Gummed Paper Tape are modern products, applied using a range of dispensers, from small hand-held applicators, through to fully automatic case sealers.

Because of the strength of plain and reinforced Gummed Paper Tape and its ease of adjustment after application, much less and narrower tape can be used. There is a considerable material and labor cost advantage to be gained.

An integral enclosure the water-activated adhesive in Gummed Paper Tape penetrates right into the liner of the carton, creating a total bond. The tape then becomes part of the carton adding strength to it.
